PROFESSIONAL SUMMARY

Senior Technical Content Writer with 12+ years of experience producing API documentation, SaaS product content, white papers, case studies, solution pages, and knowledge-base articles. Proven ability to translate complex technical concepts—REST APIs, integrations, and enterprise software workflows—into clear, user-friendly documentation for developer, B2B, and end-user audiences. Experienced working in Agile/Scrum environments alongside engineering, product, and SME teams. Adept at content strategy, style-guide governance, and end-to-end documentation lifecycle management across multiple concurrent projects.

CORE COMPETENCIES

• API Documentation (REST, Swagger/Postman)	• Agile / Scrum Documentation Workflows
• SaaS Product & Developer Documentation	• Cross-functional SME Collaboration
• White Papers, Case Studies & Solution Pages	• Editing, Proofreading & Style-Guide Governance
• KB Articles & Knowledge Management	• Tools: Confluence, JIRA, LucidChart, MS Office
• Content Strategy & Roadmap Planning	• B2B & B2C Copywriting Digital Marketing

PROFESSIONAL EXPERIENCE

Consultant – Proposal & Technical Content Writer | WSP Global | Noida

February 2025 – January 2026

- Developed compliant, high-impact proposal documentation (RFPs, RFIs, EOIs, SoQs) for infrastructure, energy, and environmental services sectors, ensuring full alignment with client requirements and internal quality standards.
- Collaborated cross-functionally with graphic designers, business analysts, and subject matter experts (SMEs) to produce structured technical content reflecting WSP's capabilities.
- Maintained documentation consistency by enforcing style guides, master templates, and formatting protocols for CVs, project summaries, and client-facing deliverables.
- Led content QA through peer reviews and compliance checks, ensuring on-time delivery of complex documentation packages under tight deadlines.
- Contributed to proposal strategy workshops, offering insights on SWOT analysis, stakeholder engagement, and automation tools (Templafy) to streamline documentation workflows.

Senior Technical Content Writer & Sr. Consultant | Turnberry Solutions | Noida

November 2023 – April 2024

- Authored API documentation, white papers, solution pages, and SaaS product content for B2B audiences; translated complex technical concepts into clear, concise developer-facing and end-user documentation.
- Developed and executed a content strategy roadmap—including blogs, newsletters, and web content—aligned to brand and demand-generation objectives.

- Conducted audience research and competitive analysis to tailor content for target buyer personas across technical and non-technical stakeholders.
- Streamlined content production by implementing consistent style guidelines and reusable templates, improving documentation quality and turnaround time.
- Managed a team of content writers, defined KPIs, and led collateral development for multiple concurrent SaaS projects.

Senior Technical Content Writer | Tatra Data India Pvt. Ltd | New Delhi

December 2021 – November 2023

- Produced a wide range of technical content—blog posts, whitepapers, case studies, infographics, and social media content—aligned with company objectives and brand standards.
- Collaborated with marketing and engineering teams to develop data-driven content campaigns that improved brand visibility and audience engagement.
- Measured and reported content performance using analytics tools, driving continuous, data-informed improvements to strategy and execution.
- Managed all social media platforms, producing regular posts and monitoring engagement metrics to refine content approach.

Technical Content Writer | Macrosoft INC | Noida

March 2021 – December 2021

- Created technical documentation including white papers, solution pages, and web content using tools such as LucidChart, RoboHelp, and MS Office.
- Proactively updated existing documentation upon new product releases, ensuring continuous accuracy and relevancy across all materials.

Senior Technical Content Writer | RSystems International Pvt. Ltd | Noida

November 2016 – February 2021

- Authored white papers, IT/process documentation, and website content for B2B and B2C audiences, covering NCU University solutions and software products.
- Transformed abstract technical concepts into structured, audience-appropriate content for both internal teams and external stakeholders.
- Recognized with Certificate of Excellence and Star of the Year Trophy for outstanding documentation quality and content delivery.

Junior Engineer (IT Support) | HCL Technologies Ltd | Noida

December 2012 – April 2016

- Managed IT service desk operations using ServiceNow (ITSM), handling incidents, tickets, Active Directory, VPN, network, and desktop support within defined SLA timelines.
- Gained foundational technical exposure to enterprise IT systems, informing future technical writing for software and ITSM documentation.
