Internet Marketing Avenues

We will develop and maintain an integrated online program that will promote your website through

- Pay Per Click Campaigns
- Search Engine Optimization
- Display Advertising (Banner Ads)
- Social Media Marketing

Pay Per Click Campaigns: Acquiring potential and targeted customers to your website through major Search Engines. Most visitors use search engines to get the required information from the Internet. Google, Yahoo and Bing are by far, the most used free search engines today. Consequently, if you wish to increase search engine visibility, there is a need to utilize Google Adwords & Microsoft adcenter programs to achieve much better search results instantly. We will use the keywords and phrases that best describe your business and services to acquire the targeted customers.

Search Engine Optimization: We use a professional strategy for SEO to attain top ranking to your website on search engines. We also concentrate on targeted keywords that describe the content / service offering on website. This helps to increase web visitor counts and rank high on the search engine results.

Display Advertising (Banner Ads): Create and host Banner ads on websites most frequently visited by potential customers in and around Hyderabad.

Social Media Marketing: We will generate quality visitors to the website through Facebook & Twitter

Advantages of Outsourcing to an Agency

- ☐ Manned by fully qualified Specialists.
- ☐ Every specialization has a team as against single person that a company can afford to hire
- ☐ Advantage of more numbers of brains working on it as against a single person trying to trouble shoots an issue
- ☐ Immediate Backup options - somebody or the other will always be available as a back up and to make sure the flow is not effected.
- ☐ Team managing costs will not be a burden as the entire work is outsourced.
- ☐ The teams here are continuously trained and updated on the latest Industry updates and standards which is some thing that doesn't usually happen with an in house team.

To handle the Internet Marketing tasks in-house, the following would be the costs:

- ☐ A manager (to strategize) will cost you ----- 75,000
- ☐ A Sr. SEO costing you ----- 40,000
- ☐ A Sr. SEM costing you ----- 40,000
- ☐ A Social Media resource ----- 25,000
- Plus Design & Tech resources and all the other employee benefits

So to Summarize

- ☐ Trendset-Jayabheri website should be Search Engine (SEO) friendly and should rank for the related keywords
- ☐ Google PPC campaign should be launched.
- ☐ Trendset-Jayabheri should have a presence and needs to promote on Facebook/Twitter .
- ☐ Your Ads should show up for most of the relevant keywords.
- ☐ Lot of unexplored online channels that can bring in huge potential leads.
