Technical Content and Communications Specialist with 4+ years of experience in technical writing, knowledge management, structured documentation, content operations, and digital communication across technology-driven environments. Skilled in translating complex workflows and technical concepts into clear, user-friendly documentation, training materials, SOPs, presentations, Knowledge Management materials and communication assets. Experienced in stakeholder collaboration, publishing workflows, metadata and taxonomy practices, content governance, and cross-functional coordination while ensuring accuracy, consistency, and usability across various platforms

PROFESSIONAL EXPERIENCE

Technical Content Writer | Loginsoft

November 2025 - March 2026

- Developed technical and business communication content related to cybersecurity and enterprise digital engineering solutions using Microsoft Word, PowerPoint, Excel, SharePoint-style collaboration environments, and structured documentation workflows.
- Collaborated with engineering leaders, product teams, and SMEs to translate complex system architectures, workflows, and product capabilities into structured knowledge resources, onboarding documentation, SOPs, and user-friendly communication assets.
- Managed content lifecycle activities including documentation formatting, metadata alignment, terminology consistency, version tracking, publishing coordination, and structured knowledge organization practices.
- Created website content, long-form technical blogs, onboarding guides, process documentation, executive presentations, and internal knowledge materials while ensuring editorial governance, taxonomy consistency, and brand-aligned communication standards.
- Conducted research tracking, content audits, and documentation reviews using Excel-based reporting frameworks and structured content workflows to support communication strategy and operational consistency.

Content Marketing Specialist | PharmaForce

November 2024 - November 2025

- Led structured communication and documentation initiatives by translating complex healthcare policy updates, HRSA rebate models, and Inflation Reduction Act changes into user-friendly communication resources, SOPs, onboarding documentation, and stakeholder-ready content assets.
- Worked extensively with Microsoft Word, PowerPoint, Excel, structured communication repositories, and documentation management workflows to maintain publishing accuracy, version consistency, and operational documentation standards.
- Partnered with leadership stakeholders, policy experts, compliance teams, and product teams to develop onboarding resources, internal operational guides, communication playbooks, and executive briefing documentation.
- Managed structured communication workflows including drafting, stakeholder reviews, approvals, revisions, publishing coordination, metadata alignment, and content governance activities.
- Developed case studies, webinar kits, sales enablement content, executive summaries, and internal knowledge resources while maintaining organizational style guides, taxonomy consistency, and communication quality standards.

Copywriter & Social Media Strategist | Orange Online Pvt Ltd (Internship)

July 2023 - December 2024

- Developed integrated multi-channel communication campaigns across email marketing, newsletters, social media platforms, and website messaging.
- Worked closely with organizational leadership and campaign managers to align messaging with brand priorities, ensuring consistency across communication channels.
- Produced executive-ready presentations and marketing decks using Microsoft PowerPoint, supporting campaign planning and communication initiatives.
- Managed concurrent communication initiatives including social media campaigns, newsletter releases, and marketing communication assets while maintaining strict delivery timelines.
- Collaborated with design teams and marketing strategists to develop structured messaging frameworks that supported audience engagement and brand storytelling.

Virtual Assistant – CSA | Amazon

July 2022 - December 2022

- Supported internal communication and operational workflows through structured documentation management, SOP creation, onboarding process documentation, and internal knowledge-sharing activities across distributed global teams.
- Worked with SMEs, operational leads, and support teams to simplify procedural guidelines into accessible onboarding materials, troubleshooting documentation, FAQs, and structured internal knowledge resources.
- Utilized Microsoft Word, Excel, internal documentation repositories, and workflow coordination systems to maintain documentation accuracy, content consistency, metadata organization, and operational tracking processes.
- Participated in cross-functional collaboration using communication and workflow tools including Chime and Amazon Work Docs, SharePoint, Internal Wiki to support stakeholder coordination, issue escalations, and documentation updates.

Content Writer | Nimboo Soda Pvt Ltd (Internship)

December 2020 - April 2022

- Developed structured communication assets including press releases, marketing content, and campaign messaging across digital channels.
- Coordinated with marketing teams, designers, and campaign managers to support communication initiatives aligned with brand strategy.
- Assisted in editorial calendar planning and campaign messaging development to ensure consistent communication delivery.
- Adapted content messaging for diverse audiences across internal teams, customers, and digital platforms.
