CERTIFICATIONS

- ❖ Master trainer in Technical writing certificate from IT/ITES SSC Nasscom
- ❖ Around 60 certifications in various Software Development, DevOps, IT Support, & Management courses offered by IBM

PROFILE SUMMARY:

- I am a Technical (Software development) writer having a Mechanical Engineering degree from Delhi College of Engineering and a Business management degree.
- I have 9 years of experience -> 3 years (2021-24) in Core IT-related content writing & 6 years (2014-21) in Sales & Marketing. I developed an inclination towards IT skills during the COVID-19 pandemic and thus transitioned my career from Sales & Mktg. to core IT in 2021.
- At SkillUp Online (24.6.21 – 27.6.24) my primary work was Technical writing for IBM's various online courses (Replying to learners in Discussion forums, Updating existing course content, and creating new content).
- The topics where I have knowledge and am interested in writing content are: Software (Front-end/Back-end/Full stack) development, Western music, Indian film (Telugu, Tamil, Hindi) music, Indian Railways,
- From 27.6.24 – present I have not been working. Till Nov'24, I was building end-to-end projects in Javascript and ReactJS so as to write better technical content (code + description). Since Nov'24 I have been writing creative & technical writings on my own.

EXPERIENCE

Core IT & Technical Writing

10.01.2023 – 27.06.2024: Senior Technical Specialist at SkillUp Online Services pvt ltd | Remote WFH

24.06.2021 – 09.01.2023: Technical Specialist at SkillUp Online Services pvt ltd | Remote WFH

- Replying to the threads (queries) posted by learners in various IBM courses (comprising Front-end/Back-end/Full stack Software development, DevOps and Software Engineering, IT Support) on a daily basis. It was mandated by both SkillUp & IBM (the Client) that each reply must have the appropriate technical response (Code etc.) as well as the appropriate grammar & description.
- Updating the content (Hands on labs, Peer assignments, Reading sections, Quizzes etc.) for these courses regularly as per requirement. This involved Technical coding skills in Javascript, React.js, Node.js, Express.js, HTML5, CSS, Python and English

writing skills.

- Involved in weekly calls with IBM (SkillUp Online's client) for developing content for launching new versions of various Software development-related courses ,
- Reading and quiz development for Google Cloud's programs to be hosted on Skill-Up Online's website.

Achievements & recognitions:

- Been receiving regular appreciations in the MS Teams channel of our functional area for various work-related aspects throughout my 3 years 1 month tenure in the company.
- Received Spot Performer award – 3 times

01.06.2021 – 23.06.2021: Intern at Skill-Up Technologies pvt ltd | Remote WFH

- Getting certified in Data science & applied AI courses for mentoring purposes.

PASSIONS

Music - Vocal and Violin (Instrument)

- I have been uploading the songs I regularly sing at home, and those from few events that I have attended on my YouTube channel. I trained in Rock & Pop (Western) vocals from 2018-24 wherein I passed Grade 8 (the final grade) in Sep'24, and have certifications from Trinity College London in Grades 1,4 & 6 (earlier grades) as well. I learnt Violin at a young age (1997-2006), and keep practicing it as well.

Poetry

- I have performed Shaayaris (Urdu poetry) at 2 Open mic events, whose videos are also on the same YouTube channel (having my music).

Religious inclination

- I have learnt several Sanskrit Stotras (combination of multiple Shlokas) and have been reciting them since childhood. I have undergone Adhyayanam (training) in Krishna Yajurveda from Mar'20-Nov'23, and have been reciting hymns from it as well. And, I have been visiting various temples since childhood. I have been doing all these on a daily or weekly basis.

PERSONAL DETAILS

- Date of Birth: 06.08.1990
- Languages: Hindi + Urdu, Tamil, Telugu, English, Sanskrit (verbal) & Punjabi
- Residence: New Delhi
