

Nancy Prasad
Test Analyst

Current Address

Hyderabad

Email

nanciprasad@gmail.com

Phone

(M) +91 9025336610

Marital Status

Unmarried

PAN Number

AKSPN3067G

Passport Number

L5779991

Language Known

English, Hindi & German
(S/R/W) (S/R/W) (S)

Strengths

Flexibility and Adaptability
Positive Attitude

Personal Traits

Work with 'Can Do' Attitude
Leadership Quality

Career Objective/Aim

Experienced testing resource with 4.3 years of experience, eager to leverage skills in advanced and diversified applications and related domain.

Technical Skills

- Database Testing
 - Microsoft SQL Server 2012, Oracle, Teradata, DB2
- ETL Testing
 - Microsoft SQL Integration Services (SSIS)
- Functional Testing
 - Web Application Testing
- Business Knowledge
 - US Healthcare, Telecommunication
- Programming Language
 - Advanced SQL, Basic UNIX
- Testing Methodology
 - Waterfall and Agile

Working Experience

- **Accenture Pvt Ltd** :2013 – 2017
- **Infosys Pvt Ltd** : 2017 – Present

Working as “**Test Analyst**” - Full-Time job from 22nd May 2013 – Till now, with responsibility of **Database** Testing, **ETL** Testing and **Web** Application Testing.

Testing Skills

- Having overall 4 years 3 months of experience in software testing.
- Expertise in **Database**, **ETL** and **Web** Application Testing.
- Well acquainted with SDLC, STLC and Defect Life Cycle.
- Hands on experience in **SQL** (Microsoft SQL Server2012) and **Oracle** (Toad) and Teradata.
- Hands on experience of ETL Testing with validation of transformation logic in **System** and **Integration** Phase of Testing.
- Have performed **Regression** testing, **Report** testing and **Smoke** testing.
- Experience in preparation of **Test Strategy**, **Test Plan** and Test Cases. Had given test evidence **walkthrough** to **client**.
- Have analyzed and prepared **Test data** during System Testing phase.
- Have prepared project estimation and requirement traceability matrix.
- Have provided inputs to **Automation** Team for automating RBS application in QTP framework by giving SQL query.
- Knowledge of **Agile** methodology and Basic DevOps (Jenkins).
- Delivered successful 5 releases independently from offshore, mentoring team size of 10 people.
- Extensive knowledge of US Healthcare - Payer, Provider Module and Pharmacy claim processing.
- Exposure of onsite-offshore business model.

Certifications

- AHIP – Healthcare Management Introduction (**AHM 250**)
- AHIP – Governance Regulation (**AHM 510**)
- BA Foundation Certificate in Business Analysis (2015) UK (**BCS ISEB**)

Achievements and Awards

- Received certificate of recognition for outstanding work in SSGQA team for Client ‘Cigna’ in FY16Q04.
- Received ‘Star of the Month’ award in year 2014 – 2015.

Project Experience

#Project 1

- Project Title : **Vodafone UK** (Telecommunication)
- Defect Tracking Tool : Application lifecycle management (ALM)
- Other Tools : Oracle SQL Developer, UNIX, Siebel CRM
- Team Size : 3

Description: This project involves migration testing of Vodafone application from Legacy Siebel to Upgraded Oracle IDAM with help of Ab-Initio ETL.

Roles and Responsibilities:

- Execution of test case involving complex business transforming logic with help of mapping sheet for OIM (Oracle Identity Manager) and OUD (Oracle Unified Directory).
- Validation of records in Siebel for data migration testing.
- Validation of extract file generated in UNIX via Ab-Initio ETL for IDAM upgrade.
- Hosting triage call with Dev, Onsite leads and status/defect reporting.

#Project 2

- Project Title : **Cigna** (HealthCare)
- Role : Software Engineer Analyst
- Defect Tracking Tool : Application lifecycle management (ALM)
- Other Tools : Microsoft SQL Server 2012 , Toad for Oracle, Teradata, SSIS, SSRS
- Team Size : 10

Description: Application involves loading of pharmacy and medical claims from upstream GHTR. Setting up of contract and calculation of rebate based on complex logic with generation of various finance reports.

Roles and Responsibilities:

- Database Testing, ETL Testing, Report Testing involving UI, SQL (SQL Server2012) and Oracle (Toad), Teradata for validation of claim load and rebate calculation.
- Collaborating with Onshore, Client team, Dev Team, System Analyst to get the clarification based on requirements and issues during System and Integration Testing Phase.
- Hosting QA Status/Defect call and preparation of execution status report and daily status report.

- Preparation of Project Plan, Execution Plan, Test Plan and Test Strategy.
- Analyzing and preparation of test data for System Testing Phase.
- Peer review of all execution evidence and required document as required.
- Maintaining of TCoE process, updating and running regression suite.
- Raising Defect and tracking the same for closure.
- Have given walkthrough to client for Test Strategy, Scenario and Test Evidences.
- Functional point of contact for Automation team in providing SQL query for automating the RBS Application regression suite with QTP framework.

#Project 3

- Project Title : **Anthem** (Healthcare)
- Defect Tracking Tools : Quality Centre (QC)
- Other **Tools** : SQL Microsoft Studio (2010), IBM DB2, Visual Fox Pro ,Microsoft Visio

Description: CAT Redesign is a HealthCare provider module project. The aim is to create a new web application for the RAO Department of Anthem Blue Cross to conduct audits. The Current functionality of Application developed in FoxPro is transformed Web application using JAVA and Data Migration in DB2.

Roles and Responsibilities:

- Playing role of data modelling and understanding the functionality of tables present in legacy system (Visual Fox Pro).
- Preparing basic data model (Entity-Relationship) diagram using Microsoft Visio.
- Communicating with Development team and Application team to understand the functionality of old tables and columns present in legacy database (Visual Fox Pro).
- Analyzing and resolving redundancy and ambiguity present in columns and normalizing tables.
- Preparing mapping sheet and data dictionary for data migration between old and existing table structure in database.
- Creation of DDL and DML for normalized table structure using SQL.
- Creation of schema in DB2 and applying simple load transformations for data migration.

Organizational Skills

- Team Management
- Time and pressure management
- Vendor, stakeholder management
- Written, verbal and presentation communication.

Academic

- **B.Tech** from VIT University, Vellore ; 2009-2013 with **83.6%**
- **Intermediate** from DAV Public School; 2008 with **78.2 %**
- **High School** from Kendriya Vidyalaya ; 2006 with **79.2%**

Declaration

I adhere that the details furnished above are true and correct up to my knowledge.
