Ready to contribute expertise to innovative projects.

WORK EXPERIENCE

SRISHTI SOFTWARE APPLICATIONS PVT.LTD
(2019 NOV - MAY 2022)

NALASHAA SOLUTION
(2022 MAY - NOV 2022)

AEZION TECHNOLOGY PVT.LTD
(2022 DEC - DEC 2023)

Nearly 3 Years 3 Month Experience as a Developer using Ruby on Rails framework .

Around 9 months in ManualTesting.

Basic Understanding of JQuery and Javascript code.

Stong Understanding of HTML,CSS3 & Bootstrap.

Designing, Coding and Debugging of application .

Experience in GIT AND GITHUB, GITLAB respositories.

Good knowledge in MVC architecture.

MY ROLES AND RESPONSIBILITY

A Ruby on Rails (RoR) developer's role involves designing, coding, and maintaining web applications using the RoR framework. Responsibilities include writing clean, efficient code, collaborating with the team, and ensuring the application's performance, security, and scalability.

- Interacting with the clients for gathering the project requirements
- Discuss the functional specifications with the Functional Consultants
- To check the log level errors and give a fix if needed
Involved in database design, Writing data access logic, control logic and view implementation.

PROJECT DETAILS : "PARAS"

PARAS is a one-stop solution for healthcare. It covers the end to end life cycle of patient care within healthcare services like Out/In patient registration, patient search, episode registration for each instance, tests and result history, patient diet planning, prescription record, patient feedback, Doctor's time management, Doctor's availability management, operation theater management, lab, kitchen, radiology center management, pharmacy, store management, Billing, Bill settlement, Administrative controls, Report management, Medical Records, Patient Records. To understand the requirement from the client and then design the front end and back end as per the requirement. Web page designed using Ruby on rails technology and I deal with different functionalities like registration of patient ,booking appointment,cancellation appointment, pharmacy billing, bill finalization.

PROJECT DETAILS : "WENERGY"

WEnergy Global offers a flexible range of renewable energy, of several kinds of stream are there midstream, upstream and downstream .

PROJECT DETAILS : "LABOR CENTRAL & RELOOLOGY"

How you collaborated with the crew, contractors, and other stakeholders like partners. Once You login into this application You can easily connect with crews and partners,You can view the crew profile to successfully deliver a large-scale construction project.

DECLARATION

I HERE BY DECLARE THAT ALL THE ABOVE SAID INFORMATION IS TRUE TO BEST OF MY KNOWLEDGE.
