SUMMARY

I am a passionate and performance-driven Ruby on Rails Developer with over 2.6 years of hands-on experience. I specialize in API development with Ruby on Rails, building scalable RESTful services, modular MVC architecture, multi-level authentication systems (JWT/Devise), background jobs with Sidekiq, payment gateway integration, and database optimization for high-traffic applications. I have a strong grasp of TDD using RSpec, Git-based workflows, and ActiveAdmin for robust admin panels. My toolkit also includes Python, PostgreSQL, ORACLE, HTML/CSS, React, and Linux.

SKILLS

- Ruby on Rails
 - PostgreSQL, Oracle
 - Test-Driven-Development using Rspec
- AWS Deployment
 - Git, Github, CI/CD pipelines
 - HTML, CSS
 - MVC architecture
- Active Admin
 - JAVA
 - LINUX
 - Redis, Sidekiq for background jobs
- C/C++
 - DSA
 - React JS
 - Python

PROFESSIONAL EXPERIENCE

May 2024 - July 2025	SGR Technologies Pvt. Ltd. Ruby on Rails Developer • Video Streaming Platform (YouTube-like App): Developed a scalable video streaming platform using Ruby on Rails, supporting features like short video (reel) uploads, dynamic ad delivery, and personalized recommendation engine based on user location and watch history. Integrated Razorpay for multi-plan subscription payments, implemented advanced search and playlist ordering, and optimized backend performance to handle high traffic. • E-Commerce System (WatikaPhase): Contributed to the development of an e-commerce platform using Ruby on Rails with core features like product browsing, cart management, and secure checkout flow. Implemented category-based product filtering, role-based admin panel, payment gateway integration, and streamlined order processing for better user experience and backend efficiency.
Jan 2023 - May 2024	Fittonia Technologies Pvt. Ltd. Ruby on Rails Developer • MilkDairy Platform: Developed a full-stack MilkDairy management platform using Ruby on Rails for backend APIs and React JS for the admin and user interfaces. The system manages milk intake, distribution, customer data, and billing workflows with a smooth and responsive UI. Implemented role-based access control, real-time notifications using Firebase, and optimized database queries to ensure secure operations and high performance across daily transactions. • Dinestay – Hotel/Restaurant Management System: Built a full-stack hotel and restaurant management system using Ruby on Rails and React JS, delivering a seamless experience for bookings, order management, and user administration. Designed interactive React dashboards for real-time booking and order tracking, integrated secure payment gateways, and ensured reliable backend operations with RSpec-based TDD while maintaining scalable and clean application architecture.

EDUCATION

2019-2023	JAWAHARLAL INSTITUTE OF TECHNOLOGY, BORAWAN (KHARGONE) BACHELOR OF TECHNOLOGY (B.TECH.) CGPA:- 8.1
2018-2019	GREEN VALLEY SENIOR SECONDARY SCHOOL, KANAPUR 12TH STANDARD CGPA:- 6.1
2016-2017	GREEN VALLEY SENIOR SECONDARY SCHOOL, KANAPUR 10TH STANDARD CGPA:- 8.0
