

AFEEFA TARANUM

TECHNICAL WRITER

Hyderabad, India | +918008643206 | taraafeefa61@gmail.com | [Linkedin](#)

SUMMARY

Technical Writer with 7+ years of experience in product documentation, software documentation, knowledge management, and content strategy. Skilled in creating user-focused documentation, release notes, knowledge base content, and SOPs that improve usability, support product adoption, and align with business objectives.

PROFESSIONAL EXPERIENCE

Verizon - Consultant Instructional Designer (Technical Writing and Documentation)

Oct 2025 - Present

- Managed 100+ content update requests annually for learning platforms and knowledge bases.
- Enhanced content accuracy and consistency across digital learning resources.
- Implemented content changes from stakeholders, SMEs, and business teams, reducing content discrepancies by 20%.
- Ensure all learning content aligns with writing guidelines to improve user engagement and comprehension.
- Collaborated with cross-functional teams, including product teams and content owners, supporting project delivery and resolving documentation issues efficiently.
- Applied editing, proofreading, and content management expertise to maintain high-quality training materials and support enterprise learning initiatives.

Blue Yonder - Technical Writer II

Feb 2024 - Sept 2025

- Increased 7% efficiency in creating technical documents like manuals and guides, with 35% more collaboration with internal teams.
- Improved the quality of technical documents by 15% by maintaining the accuracy and decreasing the redundancy.
- Improve the organisation of content in technical documents, such as user manuals, release notes, and help documents, by 10% by converting them into a systematic HTML file to make them easier for clients to understand.
- Documented 2 customer-facing technical documents for one product to ensure the user-friendliness and accuracy.
- Collaborate with 8+ subject matter experts to develop knowledge and understanding of product operations.

Vipany Global Solutions - Assistant Content Marketing Manager

Sept 2023 - Feb 2024

- Collaborated with 4+ clients to create long-form documents and white paper content.
- Increased social media presence of brands by 15% and received positive feedback for content and graphics.
- Mentored 7+ newly hired writers in the research and writing process.

Way2News - B2B Content Writer

Dec 2022 - Aug 2023

- Launched email campaigns and succeeded with an open rate of 7% in targeting international clients.
- Collaborated with engineers to develop customer-facing documents and ensure timely submission on the platform.
- Developed high-quality and original content across various B2B marketing channels, ensuring it aligns with our brand's tone, voice, and messaging.
- Conducted thorough research to stay up-to-date with industry trends, competitors, and market insights to create relevant and valuable content.
- Create gated content such as eBooks, whitepapers, and case studies that can be used for lead generation and nurturing.
